

Folding Carton Dies

RotoMetrics manufactures both solid rotary and flexible magnetic Folding Carton Dies to meet every converting need.

Whether you're converting folding cartons, blister boards, tags, paper cups, novelty items or other paperboard or synthetic products, RotoMetrics has a variety of solid and flexible Folding Carton Dies, as well as ancillary products, to solve every type of converting challenge you may encounter.

Solid Folding Carton Dies

- Manufactured in two different grades of steel (RD90 OR MU100), depending upon the application
- Designed for one, two or more die stations
- Available with features such as pin-stripping, air-eject and vacuum punches to assist with waste removal

Flexible Folding Carton Dies

- Ideal for lower volume converting projects
- Affordable alternative to solid dies
- Lightweight, easy to store, less expensive to ship
- Available with pin-stripping drums to assist with waste removal

For more information about RotoMetrics Folding Carton Dies and our complete line of rotary tooling, or for answers to your technical questions, contact your RotoMetrics sales representative.
